Zac proves that age is just a number!

We really are lucky to have such a wide range of amazing supporters here at Manorlands Hospice — they come in all shapes, sizes and ages. So when 6 year old Zac Aldis took on his own 14 mile cycling challenge in memory of his Grandad Arnie, little did he know just how much support he would receive, or just how much money he would be able to raise!

With the weather on side and support of his dad Jason and uncle Andrew to help him along, Zac managed to complete the challenging 14 mile bike ride from Skipton to Bingley — only suffering from wet shoes and muddy legs!

Zac said, “I first learnt to ride when I was 3, but this was my first very long ride. I didn’t feel so tired after I had finished but I was very sore the next day!” Zac decided to take on the challenge as a way of saying thank you to Manorlands Hospice for the wonderful care his grandad received in his final weeks of life, managing to raise a fantastic total of £640!

Proving that age is just a number, Zac’s support has helped us be there when it matters most, providing specialist care and emotional support to people during the most difficult of times.
